

Youth Choir Uniforms & Optional Apparel

Choralis has opted to use Lands End Preferred School Program as our uniform suppliers.
(<http://www.landsend.com/>)

Our preferred school number is **900130360**. You must use this number to access the **mandatory** Choralis logo for the Polo shirts (embroidery will cost approximately \$6 to add to each shirt). When you type in the preferred school number it will provide access to the appropriate logo.

Enter the item number for each uniform item below in the search bar of the Lands End web site. For shirts, select the correct color of short sleeve polo then click the link to access the page to select size and enter the number above to add the logo. Cantus Primo members will need to purchase both a red shirt and a white shirt.

Uniforms for the Cantus Liberi, Cantus Medius and Cantus Novus Choirs consist of:
